Chad and the Alderbrook Golf and Yacht Club Greens Crew (as they encompass all things green) are the unsung heroes of our golf course. All one must do is play another course in our area to see the obvious difference our course has over the others. Our fairways are greener and smoother, our roughs are mowed shorter and our greens are fast and true. I have personally played a lot of local courses this summer and not one is maintained as well as my home course, good old Alderbrook.

In addition to the golf course the Greens Crew maintains the roads, the roadsides, the signage around the neighborhood, the Wickiup and The Pointe.

As we come into Fall, we will see the Greens Crew out aerating, sanding and preparing for the winter months. You may think that winter is the "slow" time for Chad and the Greens Crew, and it is a little slower as far as golf

course grounds maintenance is concerned. However, winter is also the time when repairs to the tee boxes or bunkers occur. It is the time when equipment is refurbished and readied for the next golf season. It is the only time that these hard-working guys get to have a break and some well-earned time off. As many of us continue to play throughout the winter, we see that the mowing and maintenance is still ongoing at a somewhat reduced rate.

Let us not forget, winter is the time for high winds, rain and snow. The Greens Crew is on call 24/7 for removal of downed trees and clearing our roads of snow. They truly do work year around to keep our home up to par (pun intended) and looking great. They deserve our thanks and recognition for a job well done.

Thank you to Chad and the Greens Crew!

Remarks from General Manager, Jason Reehm

gm@alderbrookgolf.com

The last month has been exciting as I have had the opportunity to see the Club at its peak. From weddings, packed garage sale activity, tournaments and busy committees, it has been a lot of fun to be a part of this chaos and in some small way help it grow.

July as a whole was profitable. There are some areas we want to hone in on and improve upon. One of those areas is the restaurant. We ended the last fiscal year on a positive note and June started off strong, but July was not as busy as we expected and that is something we are looking at going forward. We have hired a new cook and we are excited and hopeful, as he is doing a great job so far. We have also hired a new dishwasher as one left last month. We look forward to expanding the hours of service in the future. Chef and I started researching and planning our new fall menu refresh this week. We are hoping to go live with this in October and I think you will like the changes. The Golf Shop continued its hot streak, finishing

July favorable to budget 16k. We are trying a new thing on the retail side of the Golf Shop and bringing in more lifestyle items. Starting in September, we will roll out that section of the Golf Shop.

In the greens department, water is/was an issue in July. We had record heat and we used more water than anticipated. On the flip side, August has had some wet days, so the hope is it will even out some at the end of August on overall usage.

Lastly, I know I have mentioned it before, but I wanted to thank the community for its continued warm welcome. The relationship between the GM and the community is a partnership in my mind. We all are helping each other row the same direction and that is what makes this place special.

Have a wonderful Labor Day weekend, and hope to see you at the restaurant patio cookout for burgers and hotdogs on Sunday (11am-4pm) or for hotdogs and sandwiches on Monday (12-4pm).

The Live Music series on the restaurant patio has been very successful, with large crowds from the neighborhood and surrounding community.

House and Facilities Committee (H&F) By Sharon Ferguson, Chair

What wonderful summer weather Alderbrook has been having this year. It seems the whole community has been out enjoying themselves with golf, basketball, pickleball, tennis, patio dining and music or watching kids play and dogs romp.

In August the Greens Crew helped clean up the area in front of the Maintenance Shop by cutting back and removing the dead shrubs along Manzanita which were encroaching on the mailboxes and growing into each other. It all looks much better. Thanks Chad, for all the help.

To secure the Clubhouse liquor, Lee Ferguson offered to build out the wall and install a security door. This turned out to be just what was needed. All's safe now. Thanks Lee.

Bill Linder helped spruce up the Clubhouse patio. The posts around the patio were looking a little shabby and Bill offered to purchase new tops for the posts and paint everything to match. Bill is a big help with the needs of our facilities; he always does a great job and is such a fun guy to work with.

The committee is working on several projects at the Annex and Wickiup and planning to organize our storage areas as well.

Like our homes, our facilities need maintenance, repairs and enhancements. Join the House and Facilities Committee and help ensure our facilities are maintained. We need you! Call me with any questions. In the meantime, enjoy the rest of the summer and look forward to a wonderful fall.

Our next meeting is on Wednesday, September 6 at 3pm.

EPAC (Emergency Preparedness Advisory Committee) By Tracey Lopez, Chair

SEPTEMBER IS NATIONAL PREPAREDNESS MONTH

Fall is a good time to think about how you will respond to an emergency in our community.

Whether it's a wildfire, earthquake or weather related event, it is very likely you will need to be on your own for a few days and possibly a few weeks. Scary? Yes. But if you plan for these occurrences, you will be better prepared to face them.

A simple thing to do to prepare for a possible evacuation is to put together an emergency supply kit. Backpacks work great for storing these items (except for food and water) and are quick to grab. Storing food and water in a tub or chest on wheels makes it easier to transport. Keep it light enough to lift into your car.

Emergency Supply Kit Checklist:

- ✓ Three-day supply of non-perishable food and three gallons of water per person
- ✓ Map marked with evacuation routes
- ✓ Prescriptions or special medications
- ✓ Change of clothing
- ✓ Extra eyeglasses or contact lenses

- ✓ An extra set of car keys, credit cards and cash
- ✓ First aid kit
- ✓ Flashlight
- ✓ Battery powered radio and extra batteries
- ✓ Sanitation supplies
- ✓ Copies of important documents (birth certificates, passports, etc.)
- ✓ Don't forget pet food and water

Items to take if time allows:

- ✓ Easily carried valuables
- ✓ Family photos and other irreplaceable items
- ✓ Personal computer information on hard drives
- ✓ Chargers for cell phones, laptops, etc.

Always keep a sturdy pair of shoes and a flashlight near your bed in case of a sudden evacuation at night.

Once your emergency kit is ready keep it in an easily accessible spot, near an exit or your garage.

Don't forget to join your neighbors on Wednesday, September 13 from 4-6pm at The Pointe for the second annual Alderbrook Community Safety Fair. (See flyer on next page.)

- Mondays, 9-11am: September 11, 18, 25

Happy Labor Day

From the Green Superintendent, Chad Johnson

greensuper@alderbrookgolf.com

Mud on the Tires in August?

The summer months here at Alderbrook are spectacular. From Memorial Day weekend to Labor Day weekend, we are blessed with some of the best golfing conditions

nationwide during that magical period of 95-100 days. During the peak season we strive for a golf course that is a combination of performance-based and aesthetically pleasing. Greens speeds are quick, smooth and consistent. The fairways are firm enough to get some nice roll out from drives. Consistency is the main focus. We measure often in regard to green speed and moisture readings per hole. Some light brown spots are preferred as those hydrophobic LDS areas if overwatered will create a wet condition all around them. This brings us to a topic that gets raised from time to time.

"Why are there muddy, wet and soggy areas during summer?"

Is it the irrigation system? Do we have a water break? Is the sprinkler broken or not turning correctly? Why do we have chronic wet areas?

Here is my explanation to these questions on the why and how this happens. Each morning before the first mower hits the course, our irrigation specialist drives the course and checks for leaks that may have happened overnight. In areas of concern those sprinklers are fired up to see if they are or are not performing to standards. We currently have over 1,300 sprinkler heads to manage and sometimes it takes a call from a member letting us know that a sprinkler is hitting their deck at night. These are gear driven and after 20 plus years they can lose their proper flow and spin.

Pipe breaks are often greeted by what appears to be a "sod waterbed" and in those instances a major pipe repair is necessary and done as soon as possible. Even a pinhole leak in a pipe can create a huge water bubble.

The hands down #1 reason for muddy areas on the golf course is our soil profile. As many of you know it's sometimes impossible to get a shovel in the ground here. We have a ton of "Glacial Till" in our

soil profiles. Glacial Till is found in all glacial environments. It may include clay and it typically features rocks ranging from barely larger than sand grains to sizable boulders. Till is ultimately re-arranged by rivers, leaving no organized patterns of stratification. Pieces of rock that have been especially affected by glacial ice are often sharp-edged or irregularly shaped pebbles and cobbles.

This till creates an impermeable subsurface underneath the sod and thatch layers. Sometimes this glacial till is directly upon hardpan which makes digging even more troublesome. In order to cure those areas of chronic mud and wetness it takes total removal of all the surface materials and the major installation of drains in the subsurface to help take the moisture from rain and irrigation past the root systems and into the water table from which it has been restricted.

The first area that many of us know to be a chronic wet area is right off the First Tee. We will be addressing that by removing all of the surface sod and installing a drainage tile to help firm this area in the years to come. There are other chronic areas that affect us and many of those areas are that transition zone between our most forward tees and the first cut of the fairways. When the newer forward tees were built, they were often placed in those impermeable areas and due to them requiring more water that has created a wet area in areas that lack proper water filtration.

Topdressing from September to April helps create a drier, firmer and healthier golf course. That being said, all of the topdressing in the world cannot wipe out these impermeable subsurface areas. Those areas will need to be addressed with major drainage work. Keep on the lookout for our mini excavator and dump truck coming to a chronic wet area this fall.

Vince Lombardi once said,

"Perfection is not attainable, but if we chase perfection, we can catch excellence."

August was a great month at AGYC! From the Ladies Club Championship to the outside tournaments, it was a busy and fun time at the course.

The Ladies Club Championship had a solid showing of 50 ladies vying for the 18-Green, 18-Gold and 9-Gold Club Championships. It was great to see such a fantastic turnout in one of our marquee events of the season! See the Ladies Club article.

The Skippers & Mates tournament was a fun time for all. Congrats to Paulette & Michael Johnston and Curt & Linda Creswell. See next page.

I had the privilege of taking a team to play in the Pacific Northwest Callaway Golf Challenge Tournament at Suncadia resort.

Grant Cation, Marc Rix, Michael Johnson, Jeff Chessum

This exclusive event is only open to facilities with a Callaway staff member based on the number of Callaway sales made in the calendar year. AGYC made that list along with 17 other facilities across the Pacific Northwest. This year I brought Marc Rix, Michael Johnson and Jeff Chessum, who all played excellent golf. We took home 1st place as a team finishing the two-day tournament at 14 under. Marc took low net honors for the field and even shot the best round of the tournament between amateurs and professionals, shooting a fine one under in the first round at Prospector.

Congratulations team!

We will begin aeration of our greens on Tuesday, September 5 and will be on temporary greens through Thursday, September 7. This is a great opportunity to take advantage of some of our reciprocal courses until our greens heal. To make a tee time for one of the reciprocal courses, please call the Golf Shop with the number of members/guests playing, the date and time you would like to play and whether you will need carts for your golf round.

As a reminder, with our course beginning the aeration process, the Golf Shop will be running on limited hours:

8am to 4pm - Tuesday, September 5 through Thursday, September 7, .

The shop will reopen with normal summer hours Friday, September 8, 7am to 7pm.

Hope to see you on the course and have a great Labor Day Weekend.

Our season might be winding down but we are going out with a bang. Sept/Oct is going to be a busy time for us all.

Here is a highlight of our upcoming events:

Our 9/6 Home & Home series with 7 Cedars @ Dungeness has been rescheduled for 9/6 & 27. The 9/6 day will begin with 11am tee times at Dungeness. Since 9/6 is an aeration day, we have permission to take the first 28 players who sign-up. However, only 16-20 players will be playing in the Home & Home. The cost for the Home & Home players will be \$50, which will cover the costs for golf and lunch on both dates. The others will pay \$58 to play 7 Cedars. The 9/27 return match will commence at 10am with a shotgun start at Alderbrook. Be sure to sign up in the Clubhouse.

Field Day is 9/10. This will be a team game with a shotgun start at 9am. Free food, drink and camaraderie follows at the Wickiup.

Captain's Cup is 9/16 & 9/23. This is a two day eclectic event. You will need to make your own foursome and tee time as the course is reserved on Saturdays from 8-10am for outside play. The cost is \$10.

The Inaugural Alder Classic Member/Guest Tournament starts 9/30. This is a three day event. The cost is \$600 per two-person team. This event will provide a hole in one opportunity, two continental breakfasts, two dinners, KPs each day and 36 holes of fun and action. Please find your favorite guest and sign up at the Clubhouse. Detailed brochures are available in the Clubhouse.

Brook Cup is 10/6 & 7.

The Traditional Turkey Shoot is 10/14 at 10am. The Awards Banquet for the year will follow around 2pm in the Clubhouse. The cost for the banquet is \$25, but depending on how many sign up, this will be reduced by using the remaining hole-in-one money that we added to your club membership at the beginning of the year. We will let you know the adjusted cost after signups.

As you read this months Men's Club News, I hope you will be thinking of new and exciting ideas for next year. Your officers have tried very hard to give everyone a chance to flourish at home and enjoy some new courses this year. We are always trying to improve, so come prepared to share your thoughts at our next meeting.

Four Course Challenge

On Thursday, August 18, the last leg of the Four Course Challenge was hosted at Alderbrook. We entered the day in 3rd place, 14 strokes behind the leading team from Twin Lakes and 11 behind 2nd place Fairwood CC. The task of overtaking both teams seemed daunting, but possible. Well...the cardiac kids did it! Our team pulled it out with the following impressive scores:

	Points entering 4th Round	Round 4 Results	Total Season Points
Alderbrook	769	274	1043
Fairview CC	780	258	1038
Twin Lakes	783	249	1032
Kitsap CC	753	Too few participants	Disqualified

Individually, using the Stableford scoring method, Mike Mathis was on the overall winning team. The low gross winner from our club was Michael Johnston with a 31 and the low net winner was Mike Mathis with a 36. We all enjoyed a delicious meal and made many friends from our visiting clubs. Nice comeback gentlemen.

ADVERSITY

Impossible odds makes achievements even more satisfying.

Ladies Club News - Field Day

Although it hinted at rain, the eight teams of four stayed dry for the Ladies Club Field Day of goofy golf.

This nine-hole scramble had a 'challenge' at each hole, from a blind putter on 16 to a slalom on 13. We hit through hoops, over nets and used a plumber's putter to hole a misshaped ball.

And a fun addition - each player had the opportunity to "throw" the golf ball instead of hitting it, which is a blessing out of the sand!

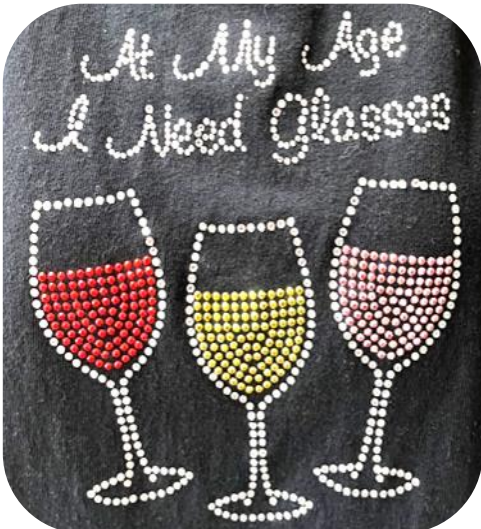

Then teams met at the Wickiup for lunch and a stealing game where every player went home with a prize. The winning team got best pick of the prizes!

The Winners: Catherine Henson, Emilie McCurley, Mary Gin Kennedy, Kay Shin

Hole 12 is known as the 'clutter hole', and this year it was presided over by a crow!

The Committee: Dee Bishop, Jan Estep, Elaine Puetz, Patty Murphy

The Ladies Club Board is sending out a survey soon. Please respond with your answers to help us plan for next year.

We are recruiting for board positions: Asst. Captain and Treasurer. It's a fun group to work with: Join us!

It is September, hoping for much more golf; fingers crossed for great fall weather.

The annual Honey Bee Tournament at Highland Golf Course in Cosmopolis was well attended by Alderbrook Ladies. There were so many of us they may rename it next year to "Alderbrook Honey Bee at Highland Golf Course!"

Great fun, lots of buzzing costumes and many laughs along the way.

Tri-Mixer at Lake Limerick

Lynda Schwindt, Karen Aumend, Wendy Campbell, Lana Clausen, Heather Boone, Karen Williams, Mary Gin Kennedy, Kelly Holtz, Lynn Wesley, Mona George, Glenda Stone, Peggy Willis, Seanie Derek, Mary Ann Johnson, Eileen Baumgardner, Del Bailey, Paula Gallagher, Dianne Brown (Carol Norbeck not pictured)

Congrats to the winners!

The Tri-Mixer is a tournament especially dedicated to our 9-Holers. Alderbrook, Lake Limerick and Lake Cushman alternate each year to host this fun 9-Hole Scramble. Lake Limerick put together a fantastic event this year on Friday, August 4.

We had 17 ladies representing Alderbrook and we are so proud of our brand new golfers who participated in the Scramble as well as ladies who played the tournament for the first time.

Next year the Tri-Mixer will be held at Lake Cushman and the following year, in 2025, Alderbrook will once again host the event.

Thank You Lynda Schwindt & Dianne Brown for supporting the Alderbrook 9-holers for the Tri-Mixer!

Ladies Club News - Club Championship

Continued from previous page

The Ladies Club 52nd Club Championship on 8/15 and 17 culminated in a performance by Rizzo (Lorna Martinson) with her tournament committee 'The Pink Ladies' providing backup dancing to an original rendition of a Rizzo song "There are Worse Things I Could Do".

♪ There are worse things I could do
Then get a bogey or two...

I could flirt with out-of-bounds
Lie and cheat on every round!

♪ Skull my chip shot across the green
And still think my game's pristine...

I could triple every hole
Give my wedge a sandy sole...

Randi Thurston not only dressed for the theme 'Raining Birdies', but managed to score the most net birdies, along with Kay Shin, from the Green tees.

Alderbrook Community Garage Sale By Lynda Schwindt

Wow! Our 18th Annual Community Garage Sale had a record breaking 63 households participating! Friday began with some rain, but that didn't stop the steady flow of shoppers starting around 8:15am. We have received numerous positive and supportive feedback from so many of you ... we really appreciate it and are very thankful that it was a huge success!

Even deer showed up for the garage sale

Thursday Night Preview was also very successful with 20 homes opening to sell their goods - this too was the most we've had participate.

It does take a village to successfully put on an event like this. I would like to express my sincere thanks to Team Members, Jan Coats and Pam Endicott, and those who assisted with putting up/taking down all the Garage Sale signs - Steve and Pam Schnoor, Bob and Chris Foster, Dan Coats and Jeff Schwindt. A BIG thank you to Becky and Dawn for sending out announcements and making the necessary copies as well as support from our GM, Jason, for the Food Service and advertising on Facebook.

Forty-Three out of 63 participants shared their sale totals with me and collectively, they made \$44,481. With 20 unreported sales, I can confidently say it was close to \$50k or more. The biggest sale total was \$6,000 and we also had two \$4,000 sales. Way to go!

Thank you to Nifty Thrifty, a nonprofit thrift store and the major funding source of the Mason County Senior Activities Association. Michelle and her crew picked up donations from 53 homes. They were very thankful ... and in her words, "You guys are amazing out there!"

Each year, the Garage Sale Committee reviews and agrees on ways we can use the proceeds from the \$15 participant fee to support or beautify our community. Last year, the proceeds went towards the purchase of new corrugated roofing for the Driving Range shed. This year, the Committee will be meeting in September to determine where/how we want to contribute the funds. Once decided, it will be reported in a future *Foremast*.

Thank you all for participating (and shopping) to make this an event that everyone looks forward to each year!

Dexter Thai, age 6, (Rayni & Mike Lambert's grandson) set up a lemonade stand during the garage sale **Future entrepreneur?**

THANK YOU, GRACIAS, MERCI' however we say it, the Hood Canal Lion's successful garage sale, August 24-25 was the result of the high quality donations of AGYC members. We were overwhelmed with your generosity!

Contributors, please accept our gratitude by being our guest for dinner at our next meeting, September 19 at 5pm in the AGYC boardroom. You don't want to miss the opportunity to meet Dr. Lance Gibbon, the new Superintendent of Hood Canal School and principal Steve Torres. Dr. Gibbon will speak about the vision for the school district.

*Please respond to Lion Jan Weatherly with your intention to join us September 19 at 5pm in the AGYC boardroom. **You** are the reason for our success! You can count on the proceeds of our sales, made possible by you, will be returned to our community!*

RSVP to Jan Weatherly, 360-489-4277 or jan.weatherly@aol.com by Sep 18.

Yacht Club By Paulette Paris, Commodore

The August event was another well attended, lively evening! The ribs were abundant and cooked to perfection by a serious group of Grill Masters. We thank them sincerely for their many hours spent at the BBQ.

Grill Masters: Jim Fitzgerald, Dan Werner, Mike Bailey, Bob Foster, Ron Paris

Marilyn Eastby and Kathy Morgan were naturals at handling the beverage side of the night! It was a pleasure to see their welcoming and smiling faces behind the ManzanitaVille Bar.

Once again the Scott Lesman Group rounded out the night with their enjoyable music.

Bocce Winners
1st - Rick & Tracy Battson
2nd - Dee Bishop & Jan Weatherly

Commodore Paulette Paris presents \$121 to 50/50 raffle winner Pat McGinness

Vice Commodore Ron Edwards gives Chris Foster her winning raffle basket of Western goodies

The Salmon Feast wraps up our outdoor events at the Wickiup on Monday, September 18

Bocce starts at 4pm
Dinner at 5pm

We hope to be announcing some new additions to our Crew. It takes many hands to make Yacht Club events run smoothly. Please consider joining our Crew to "Keep Us Alive"!

Yacht Club is a great place to meet people and form some friendships. All AGYC members are welcome. Until next time, see you around the neighborhood.
